

TAC-300 Combat Swim Board

- ◆ **Small and light**
- ◆ **Rugged construction**
- ◆ **Large illuminated compass dial**
- ◆ **Easy to read OLED display**

TAC-300

The **TAC-300** is the latest in the "TAC series" of diver navigation boards by RJE International. Smaller and lighter than the TAC-100 and TAC-200 models, the TAC-300 integrates a highly accurate compass and a digital depth gauge/timer on to a rugged plastic board.

To maintain bearing position and accuracy, the TAC-300 uses an underwater compass with a large compass dial. Using advanced luminous properties, this compass makes navigating easy even in the poorest visibility. In addition, an electronic "V-Lite" illuminates the compass to ensure high visibility of the compass heading.

Diver's depth, total dive and surface intervals are tracked with a digital depth gauge and timer. This rugged digital depth gauge has an

easy-to-read OLED display and a leg timer function for combat swimmer operations. An adjustable max-depth alarm with memory ensures that the diver does not exceed their depth limit.

To protect the TAC-300, a protective sock is integrated into the attached lanyard. Designed by combat swimmers for combat swimming, the TAC-300 is the complete package to meet your mission needs.

TAC-300 with Protective Sock

TAC-300 Combat Swim Board

SPECIFICATIONS

Size of Board: 10.25"L (26cm)
7.0"W (18cm)
3.0"H (7.5cm)
Total Weight in Air: 2.7lbs (1.2kg)
Board Material: HDPE Plastic
Compass Illumination: Electronic "V-Lite"

Underwater Compass
Compass Card Bearings: 10 Degrees Markings
Compass Card Illumination: Luminous Bearings Marks
Illumination: Up to 6 Hours
Compass Card Tilt: 25°
Size: 3.25"Dia (82.55mm)
2.0"H (51.00mm)
Weight in Air: 8oz (227g)
Depth Rated: 230ft (70m)

Digital Depth Gauge and Timer
Depth Range: 0-330ft (0-100m)
Depth Tolerance: +/- 1% of Full Scale
Depth Resolution: 0.1ft/0.1m
Display: Red OLED
Dive Timer Tolerance: ± 1%
Leg Timer Functions: Start / Pause / Reset
Timer Duration: 99 hours max
Battery: Rechargeable Lithium
Battery Life: 300 charges
Operational Life: 20 hours
Operating Temperature: 29°F - 95°F (-2°C - 42°C)
Housing: Anodized Aluminum
Depth Rated: 330ft (100m)
Dimensions: 2.0" x 2.0" x 1.0"
(50mm x 50mm x 25mm)

Dive Chronometer
Casio G-Shock Watch with Lap Timer
